ABOUT HOPE-A

HOPE-A organizes and co-ordinates the activities of industrial and research organizations in Greece in Agriculture, BIPV, Smart Cities and beyond, Organic & Printed Electronics (FPEs), covering the whole value chain of FPE Products, Services, Applications and Business.

SCOPE

- Develop strong links with R&D&I and Business
- Generate new technologies, applications
- Support members to new Markets and trade-shows
- Represent members to International Authorities
- Distribute information from the Markets
- Attract investments in FPEs and applications
- Collaboration with FPEs global entities
- Organize Exhibitions, Workshops

INTERNATIONAL COLLABORATIONS

- HOPE-A brings together > 1500 companies Worldwide and 7 Associations on FPEs
- HOPE-A Coordinates 3rd Generation Photovoltaics Clusters
- HOPE-A Collaborates with the Association of Greek:
  - Manufacturers of Organic Electronic and Photovoltaic companies (HELAPCO)
  - Manufacturers of Packaging and Materials (AGMPM)
